Problem Report Briefing

Presented by the FIT Central Reporting Agency

SUMMARY

This paper and its annex provide a discussion of the PRs received by the CRA since FIT/19. The FIT members are invited to review and comment on this information.

1. INTRODUCTION

1.1 116 problem reports were submitted via the ISPACG-CRA, NAT DLMA Problem Reporting website since FIT/19 (February 10, 2012 – February 8, 2013).

1.2 67 of those PRs were reported from the South Pacific.

2. DISCUSSION

2.1 The CRA received problem reports from the following regions:

Indian Ocean
North Atlantic
North Pacific
South Atlantic
Asia

2.2 At FIT/19 the CRA requested help getting operators registered with the website.

2.3 32 Operators have now registered, including USAF Air Mobility Command, US Navy, and one GLF-5 operator.

2.4 9 operators and 9 ATSUs reported problem via the website in 2012.

2.5 The CRA were able to follow-up on and close a large backlog of old OPEN and ACTIVE PRs.
