ISPACG 21 Meeting

10 Minute Longitudinal Separation without Mandatory MNT

Presented By: FAA, Oakland ARTCC
Airspace and Procedures

Date: March 6-8, 2007

Federal Aviation
Administration

Oakland Center ICAO Doc 7030 Ammendment

- On January 27, 2006 Oakland Center received approval from ICAO to apply 10 minutes longitudinal separation without mandatory Mach Number assignments.
- In a continuing effort to harmonize global ATM, ANSPs are invited to consider implementing 10-minute longitudinal separation without the mandatory assignment of MNT.
